The Hiring Manager

Datasoft Systems Bangladesh Limited

Subject: Application for Software Engineer Position

Dear Sir,

I am writing in connection with your circular published on BDJOBS.COM on 1 December of this month. I would like to apply for the position of Software Engineer at DataSoft Bangladesh Limited. I have enclosed all of my required documents, including academic certificates, experience certificates, and my National ID card, for your kind consideration.

I have three years of professional experience in software engineering, during which I have worked on developing web and software applications, understanding software requirement specifications, and delivering solutions with a strong focus on code quality and performance. I am a self-motivated engineer with the ability to work both independently and as part of a team, and I am comfortable handling multiple projects simultaneously. Regarding my educational qualifications, I have successfully completed both my BSc and MS in Software Engineering with a remarkable CGPA, and I was honored as a Gold Medalist during my BSc program. I possess strong problem-solving and coding skills, which I continuously sharpen through competitive platforms such as LeetCode and HackerRank. I actively participate in AI fests and programming promotion battles at my university, which has enhanced my exposure to emerging technologies, collaboration, and innovative thinking. Additionally, I have achieved recognition as a two-time ICPC Regional Top Position Holder, demonstrating my analytical ability, algorithmic strength, and competitive programming expertise.

Thank you very much for reviewing my CV. If you require any further information, please feel free to contact me via this email address or mobile number. I look forward to the opportunity to discuss my application with you.

Yours faithfully,

MD. HASIBUL HASAN HASIB

CURRICULUM VITAE

Name: MD. HASIBUL HASAN HASIB

Cell-Phone: 01864103655

Email: hasibulhasanhaisb355@gmail.com

LinkedIn: www.linkedin.com/in/hasib2050

CARRIER OBJECTIVE

A motivated and self-driven Software Engineer with three years of professional experience in software development, seeking a full-time position at DataSoft Bangladesh Limited where I can contribute to building high-quality web, software, and mobile applications. I aim to utilize my strong problem-solving abilities, solid understanding of software requirement specifications, and hands-on experience with modern tools and technologies to deliver efficient and scalable solutions. With an MSc in Software Engineering, excellent analytical skills, and experience working under pressure on multiple projects simultaneously, I am eager to take on challenging responsibilities, participate in code reviews, design technical documentation, and continuously enhance my skills by staying updated with the latest trends in software development. My goal is to grow as a professional while contributing meaningfully to the organization's success through teamwork, innovation, and technical excellence.

CURRENT POSITION

Backend Engineer

BRAIN STATION 23

AUGUST 2024-On-going

EXPERIENCE

Junior Software Engineer

Leadsoft

June 2023-July 2024
